

Medical: Product Offering
March, 2020

ET2C International Inc.

About us

ET2C International is a Global Sourcing company with offices across Asia and clients worldwide. For the past 19 years, ET2C has been supporting companies purchase products from Asian suppliers. Our rigorous sourcing and vendor management methodology has 'transparency' at its core and enables us to deliver to our clients' every needs.

We offer multi-industry sourcing services to startups, medium to large retailers and wholesalers that are seeking quality-assured products and sourcing strategies from China, India, Vietnam and beyond. In particular, we have considerable expertise within the Medical Supplies sector and are well placed to mitigate the risks of producing your products overseas.

Medical Supplies Offering

At ET2C, we are passionate about supporting your business by delivering the best sourcing solutions and service. We consistently look for the best suppliers who we can partner with over the medium term to provide our clients with a quality driven sustainable product solution. Our Medical Supplies offering has been pulled together from certified suppliers (FDA, CE, ISO) across a broad range of products.

We look forward to working with you.
